WORLD MOBILITY

About Crown World Mobility

Crown World Mobility provides strategic assignment management, immigration and relocation services for multinationals and international organizations.

Managing a globally mobile workforce creates challenges for any organization. These challenges are human in scale – international assignments involve the everyday lives of people and their families. There are policies to navigate, formalities to coordinate and legalities to adhere to.

We work with all stakeholders to make it simpler to move individuals, teams and entire businesses anywhere in the world, so they can get on with what they do best – take opportunities and grow. This often means finding a unique, technology-enabled solution that Crown has the experience and capability to deliver. Helping clients better manage and leverage their international talent across the entire assignment lifecycle.

Available in over 45 countries, Crown is committed to making a positive difference in every community where we live and work. That's why we oversee a wide-ranging CSR program that supports local and global charities, actively champions employee well-being and continually seeks to reduce our environmental footprint. In addition, we are committed to the United Nations Global Compact to implement universal and sustainable policies.

Crown World Mobility is part of the Crown Worldwide Group, established in 1965 and headquartered in Hong Kong. Other brands under our broad portfolio include Crown Relocations, Crown Workspace, Crown Records Management and Crown Fine Art.

Crown Worldwide Group's Chairman

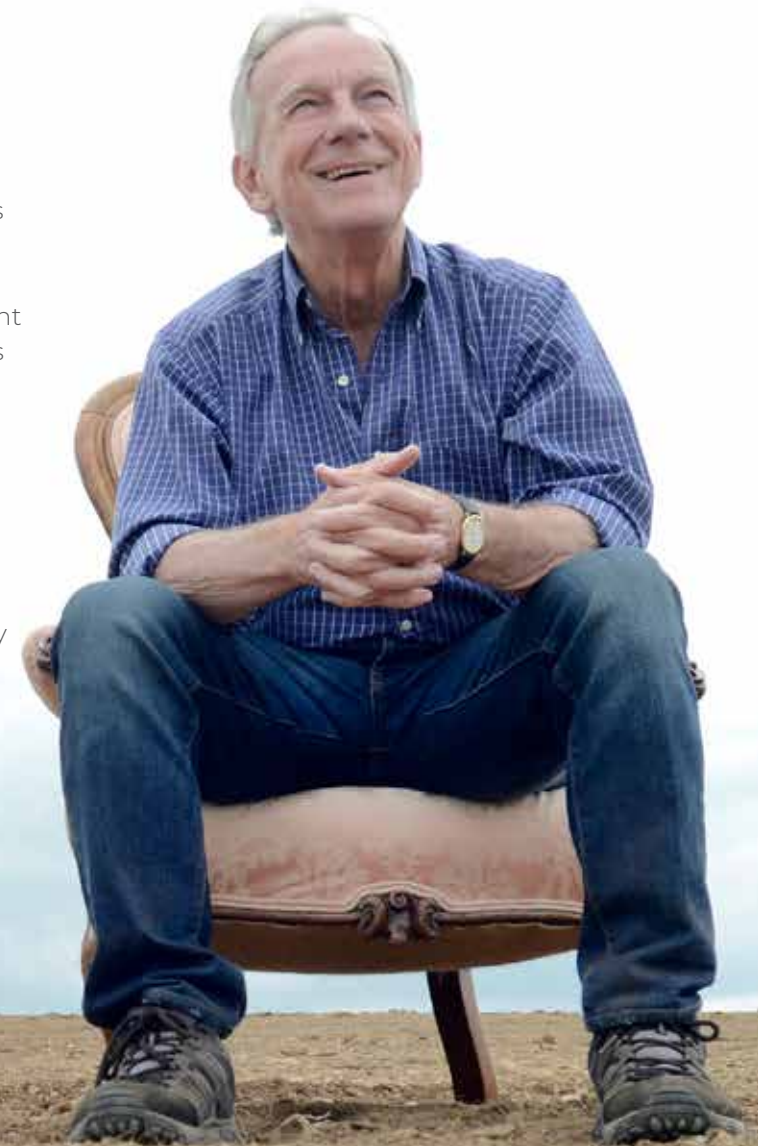

James E. Thompson is Chairman of the Crown Worldwide Group. In 1965, he founded the company in Yokohama, Japan. Today the company is headquartered in Hong Kong and employs 3,381 people in 45 countries. Market leader in relocation, mobility, information management, fine art transportation, workspace and logistics, which includes oil and gas project management as well as luxury goods warehousing and distribution.

Mr. Thompson has received numerous accolades for demonstrating business growth with a commitment to corporate social responsibility. He received the Director of the Year award in 2018 organized by the Hong Kong Institute of Directors. In 2003 he was awarded Hong Kong's Gold Bauhinia Star, an award only given to a select

few that recognizes involvement and support of Hong Kong's local communities. In addition to his work with several prestigious organizations, Mr. Thompson has served as a delegate representing Hong Kong on the Hong Kong Trade Development Council's trade missions around the world. He has received Honorary Doctorate degrees from the Hong Kong University and Technology and his Alma Mater, San Jose State University.

Mr. Thompson serves as a Board member for several prominent industry organizations. Known for his philanthropy, he also serves with a number of charitable organizations and university mentorship programs. He and his wife Sally are especially interested in charities that focus on children's health and education.
